BCMA Guide for Exam Preparation

—Sharon J. Lilly

This BCMA Guide for Exam Preparation is designed to help you study for the ISA Board Certified Master Arborist® (BCMA™) certification. A preparation section at the beginning of the book provides study guidance and a sample of the types of multiple choice questions that could be found on the ISA BCMA exam. Additionally, a 50-question preliminary assessment test will guide you to the chapters where you may need to focus more of your study time. The final section of the book features a 150-question practice exam to provide additional test-taking experience.

Online Intro to Arboriculture Training Series (25 modules)

Are you preparing to take the ISA Certified Arborist® exam or another ISA credential exam? Take advantage of the updated, interactive training series available in your Online Learning Center. This is a self-paced, highly interactive course to supplement the Arborists' Certification Study Guide. The lessons are designed for adult learners who cannot attend formal classes and nontraditional learners who respond best to visual, multimedia, and hands-on teaching methods.

Z133 Online Course

This is an introductory course which describes the history of the ANSI Z133 Safety Requirements for Arboriculture Operations. Through a variety of text, photos, and interactive learning exercises, the online course describes the main practices that lead to incidents and the Z133 safety requirements which, if correctly followed, can reduce the likelihood of injuries and fatalities. This is based on most the current criteria in the United States.
